The Tale of the Tomcats (or A Talky About Hockey)

2

Stevo, Stevo burning bright,
Getting ready for opening night,
Taping his ankles and wrapping his knees,
Collecting everyones' ball hockey fees.

Old Razor can't wait, to stop the orange ball,
With old age and bad eyes, that might not happen 'til Fall,
If Jingles and Snowpants keep filling the net,
This might be the Tomcats, highest scoring season yet!

As the Crow flies up and down the wood,
And Spinner spins as only Spinner could,
The Falcon flops to stop the ball,
The Turk missed the save, getting dressed in the hall.

It's always good to have a player named Doc,
With a stud like Junior, trying to knock off your block,
We also have gentlemen like Bulldog and Rocky,
What a great bunch of men, that play this ball hockey!

Cribs is a stud and gives the girls chills,
While Sparky can help, with your electricity bills,
And what's with Skippy and Sparky with the same last name?
Same father and different mothers, is probably to blame.

We do have our riff-raff, including guys like Lovie,
Add Chevy to that list, or should I say Shovie?
Tho' Youngblood is as mellow, as Shamus is good,
The Hurricane floats, like a soft breeze should.

Bearcat gets a shutout, thanks to Louis the Rake,
Who is eating more tuna, rather than steak,
With Hollywood and Sunny, you're guaranteed to win,
Put your shoes on young men, LET THEN SEASON BEGIN!

H.P.P.

Shamus, Zschabba, Skippy Healed and Ready to Go!

Tecumseh –AP- There is probably not a nicer guy on the Windsor Tomcats then Darek Kowalczykowski. Last year, both he and Sydney Crosby missed a lot of hockey. Both teams, the Pittsburgh Penguins and the Windsor Tomcats want their players back. Crosby apparently is working out and should be on the ice come training camp time, Kowalczykowski has been working out too and is expected to play a lot more this year than he did last year. "Yes my knee is feeling much, much better, I should be out, a lot more this year for sure", State Kowalczykowski from his summer home in Tecumseh Ontario.

Also fully recovered is Shamus Goldstein. His lower body injury, that saw him miss the end of the hockey season and the outdoor game has fully healed and he is ready to go. "Well, I am much better and the Tomcat medical team has taken very good care of me and so has my girl friend, Jennifer Aniston, with her and the Chiro and acupuncture treatment, I am 100% recovered". Goldstein had said.

"I'm happy to see Darek getting better, but with Skippy healing up and with Darek healing up and I also hear Shamus is healing up and ready to play, I see every Tuesday night as a mini tournament, geezzz". Mike Menzel Stated.

"We may have a four team mini tournament on the first night" stated an optimistic Mykel Jaworiwsky and then added, "That should piss all the goalies off real good, but hey, think of it positively, the Tomcats are growing and growing and everyone wants to be a Tomcat Razzzoorr, everyone wants to be a Tomcat" Mykel Jaworiwsky had said, with his famous smile.

Lelyk to Join Tomcats

Nick Lelyk started with the Tomcat organization, back in 1989, playing for the Fabulous Thunderbirds basketball team. Then when the organization switched to hockey, Nick Lelyk was there with his green bladed plastic floor hockey stick. He would then become the second Captain of the Tomcats, after Garnet 'Rex' Albert retired, Lelyk was responsible for bringing in franchise Tomcat Chris Girard. On Thursday, August 12, Lelyk signed a one year deal with the Tomcats and is looking forward to playing as a full time player. "Everything just happened to fall into place when the Tomcats came calling, my agent Detra Connelly and I were there to listen". Lelyk said and added, "I'm not going to go in there and kick Snowpants out of his spot on stage, I will take a seat wherever they want me to sit, I'm just grateful they signed me, but that was my old spot, just so he knows" Lelyk concluded.

"If Bundy and Nikki are coming back, who is next, Bobby? Dewey, Garnet? The Burrito Brothers? D. 'Hurricane' Hann

"I know it would be a tough line up to crack, but I feel like Chris Chelios, I have a body like his, I play defense like he does, so why not give me a try"
J. 'The Bundura' Lechicky

Bundura To Join Tomcats ?

Tomcats have been told, that ex Tomcat Johnny 'Bundura' Lechicky is interested in coming back and playing, Tomcats have offered the Bundura 'part time' playing time, after Vince 'LaBamba Vlaminc and Matty 'The Matador' Youssef. "I am very happy with whatever they give me" Bundura had said, weeping.

Tournament Captains will start their Scouting on Day 1

Rocky's Red Wings Defending Champions

Windsor –AP- It use to be, that at the start of January the Tournament Captains, would start their scouting for the tournament, but not anymore, "I hate being a Captain, I really want nothing to do with it, but I have no choice I guess, so I have to start doing my homework early" stated George Metulynsky who has not been a Captain since his Mets won Stanley's Cup wearing purple t-shirts. "I think we will go with the regular colours and those purple shirts are long gone, some were handed out last tournament as prizes" Metulynsky further stated.

"I have a slight disadvantage, as I am not around all the time, but I pretty much know who can do what, so I will be ready to go, come draft night" indicated Hurricane Hann
Who will each Captain pick first? (See quotes)

Rocky Comartin not featured in this article, as he had picked the winning team last year, they get to defend this year. If they win again, then four new Captains will be selected for the 2013 tournament.

35 George 'The Turk' Metulynsky

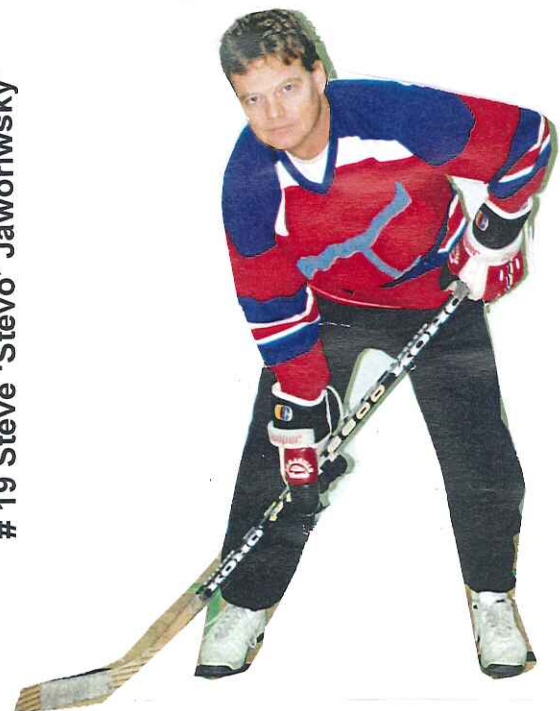

"No doubt in my mind, I go with Lovie, he has won 5-6 mini tournaments, he is a player, I will go with him, no questions asked."
George Metulynsky

19 Steve 'Stevo' Jaworiwsky

"I have to pick my neighbour, Doc... Naw...my other neighbour, Crow. If I don't I'll hear it from him all year long."

Steven Jaworiwsky

84 Dave 'The Hurricane' Hann

"It might be too early to say, But I love that Sunny fella, so I would go with him, he can do everything, pass, score."
Dave Hann

Captains this year are the three oldest players on the Tomcats, please notice the jersey they are wearing. It is the original Red jersey with the Blue F14 Tomcat!

Dave Hann, Full Time Player This Year and For Next 5

4

London On. —AP- 6 mini tournaments last year, well, count on more this year! Dave Hann, has just announced that he will be playing full time. He landed a full time job in Windsor and will be a full time Tomcat once again. "I'm excited to be back in the fold full time, I look forward to helping Chevy out with his game and giving the youngster some more tips". A beaming Hann had said, from his home in St. Clair Beach Ontario. "My mentor is coming back full time, that is incredible news" an excited Chevy Szcwczuk had said, than burst into tears of joy. So with Hann back full time, Paul Poisson back from his injury riddled season. Skippy Renaud back from his hand injury, Nick Lelyk back for a one year stint, can you say MINI TOURNAMENT. "We would never cut anyone, ever, unless they intended to deliberately hurt someone", stated Vice President Michael Jaworiwsky. It gives Tomcats lots of players and what do some of the Tomcats think about that? "I am amazed, really I am. I remember when we played three on three with no spares, waiting for the fire escape door to open, for someone to come in, now we have a full team sitting on stage, waiting to play, it is amazing, what this has all come to." G. Metulynsky said. As for recruitment, "Well, I don't see any new players being asked to come out for a few years", Michael Jaworiwsky stated, "Maybe if we need a player for the tournament, then maybe we bring a guy out for a show case, but to play full time or even part time, I can't see that happening, especially when we have quality part time guys like La Bamba and the Matador" the younger Jaworiwsky concluded.

"I landed a full time gig in Windsor, for 18 months that could lead to a full time job, so I am very happy to be back full time."

D. 'Hurricane' Hann

Beer Is For After, NOT During! Tomcats To Wait for Final Whistle.

Tomcats want everyone to know, that the beer that is brought, on stage is for after hockey and not during hockey. "It is not fair to the guys who want a beer after the game and they look in the cooler and some of the beer is gone" Lovie Edgar stated. "The beer is solely for after hockey and if it means locking the beer up in the Tomcat room, until then, well we can do that, but I know, that they guys will respect the process and not indulge until after". Edgar concluded. **SO BEER IS OFF LIMITS UNTIL AFTER THE FINAL WHISTLE BLOWS, THAT MEANS FOR GUYS WHO ARE NOT IN THE FINAL GAME, THEY WILL HAVE TO WAIT, TILL THEIR FELLOW TOMCAT BROTHERS FINISH AND THEN ALL THE TOMCATS CAN ENJOY THE BEER TOGETHER. TOMCATS FOREVER!**

If Punch Imlach was still alive today, he would be impressed with the Tomcat organization and how it has grown by leaps and bounds.

Dean Colasanti to undergo Hernia operation, will be out till mid October

Dean 'Killer' Colasanti is to undergo Hernia surgery in the United States of America and is expected to be out of the Tomcat line up until mid October, according to the Tomcat Medical staff. Andy 'Youngblood' Morgan, is also to undergo hernia surgery at the Shouldice Clinic in Toronto and is hoping to be in the lineup by the second week of hockey. Killer's hernia is believed to have occurred while playing for the Windsor Tomcats and not belting out songs, with his Rock n Roll voice, as he plays in his band 'World Wind'.

A grinder, a whirl wind, a Tasmanian Devil, Killer out till mid October .
