

The Patron Saint of Floor Hockey

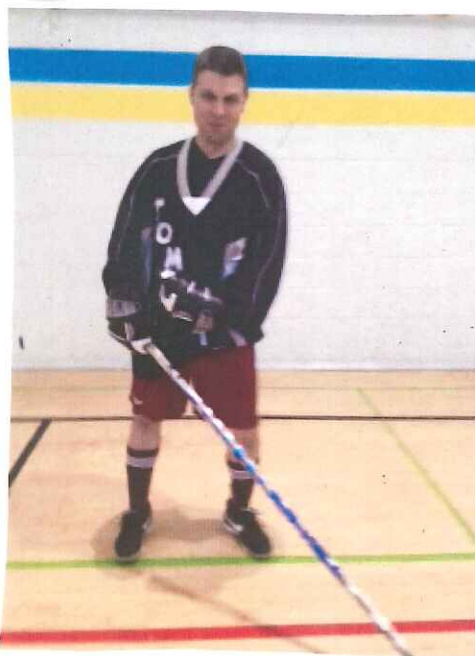

In every organization, every person has a job to do. The Windsor Tomcat Hockey Club is no different. When you start getting answers such as "I don't do blogs", then who is to say things can continue as they are. Maybe you will get, "I don't put away boards" and "I don't put ice on beer". You may even get, "I don't organize tournaments". What then becomes of the Tomcats. Is it selfishness? Is it stubbornness? Is it a lack of a person to become a team player and do as he is asked? This St. Felix is dedicated to those who are not team players and who have not done their part. ENJOY!

New part timer added Aaron 'Chico' White.

"I am very happy to be a Tomcat and thank the organization for the opportunity, I will be more than happy to do a blog each week if allowed to play" said a beaming Aaron 'Chico' White. "This may be one of the great things that ever happened to me" White added.
