

Rocky Named As New Tomcat Captain

Windsor -AP- On October 9, 2012, the Board of Directors met, and they decided, due to the fact that Paul Poisson had not submitted his blog, as a true team player and leader would do, he had not attended a Tomcat Travel ball hockey game, (Skip Jacks 2012) instead staying home to watch a foot ball game, had influence on other non bloggers to not write their blogs, and wanting to spill beer on a Sleepy Darek Kowalczykowski head at Purples after the tournament, the board voted unanimously to remove him as Captain of the Tomcats.

Chad Comartin, becomes the 5th Captain in Tomcat history. "I am very honoured to be named, as Captain of the Windsor Tomcats. I did not ask to be Captain, the C was handed to me and I will do my best to lead this great organization. I want to thank Junior for all his hard work and accomplishments". said Comartin.

"I of course I am disappointed, but Rocky is a great guy and will make a great Captain"

St. Felix to Return to Normal

Windsor -AP- Ray MacDonnell said it best, when he indicated, "Why are you punishing the majority for the actions of a couple? The St. Felix should not be sacrificed as everyone enjoys reading it".

And these words hit the leader of the Tomcats, Steven Jaworiwsky, right in his neatly shaven kiwis.

Harry Ballsonue and Heywood Jewblowmee will still not be writing blogs on the games played on Tuesday nights, (until the non bloggers do their blogs) but the entire St.

Felix clan is back together and has put together a fine and dandy St. Felix for everyone to enjoy once again.

"It was disheartening, my wife was very disappointed and even said to me, ' I miss reading Harry and Heywood on \ Wednesday mornings, but at least the St. Felix is back"

Stated a beaming Tomcat Franchise player Johnny Salaris.

"The non bloggers, will not be spoken about, after this St. Felix. The Tomcats will put this blemish in their record books and will move on. It is no longer listed on Web Site and will not be talked about in St Felix". Stated Mykel Jaworiwsky.

Interestingly enough, Junior who had been removed from being the Captain of the Tomcats for not writing his blog, is now, not expected to write a blog.

Paul Renaud provided the web site, with his blog on October 9, talking about the score clock. Chevy did his on October 18, so there are two non bloggers left.

The rock band, Genesis, formed in 1967, with original band members, Peter Gabriel, Anthony Philips, Steve Hackett, Tony Banks, Mike Rutherford and Phil Collins.

In 1978, Steve Hackett left and the three remaining members named their new album "And then there were three".

Here we have 2 non bloggers, they are Kevin Kuprowski and Dave Dizibella. "And then there were Two".

"Nice to see the St. Felix back, healthy and strong and full of vigor and spunk"

Delegation, Unification, Masturbation

WINDSOR –AP- In trying to keep the Tomcat troops together and to keep the Tomcats running as smooth as he can, Stefan Jaworiwsky announced his three prong plan for keeping the Tomcats going forward, in a steady and smooth direction, even though there has been some minor turmoil with some Tomcats not wishing to be team players.

"I cannot and will not force people to do, what they do not Want to do", Jaworiwsky stated.

Jaworiwsky, will continue to bring the Tomcats together and is excited about the upcoming first ever, Tomcat Christmas party with the significant others. He is also, wishing to delegate more, but knows of some that cannot be delegated to and is encouraging all Tomcat members to keep being good to themselves.

"I am very excited about this upcoming Christmas Party, that will be held for the Tomcats and their significant others, I want every single Tomcat to go and to bring their wives, girl friends, who ever they wish to bring. Make sure you have a D.D. or take a Cab," Jaworiwsky insisted and added, "It will be a fun night, dinner, drinks and some dancing, who does not want to participate in that"? Jaworiwsky asked.

as for Delegation, with speculation being that next year will be Jaworiwsky's last year, he is trying to get everyone involved. He is not interested in having a guy just come in, sit in his chair, play hockey, get back in his chair, drink some beer and leave.

"Steve wants everyone rowing the boat", indicated long time friend and Tomcat Louis 'The Rake' Koniegsberger and then added, "And why not, everyone should participate in everything, get prizes, write blogs, organize events and just be part of the Tomcat team!"

Although there have been some ties, to Jaworiwsky and Riki Lake, Jaworiwsky insists that he will not be bringing Riki Lake to the Tomcat Christmas Party
