

Issue 183 A Must See, Let it Be?

St. Felix Offices, Somewhere in Essex County -AP- if our math is correct, we are 17 issues from printing off our 200th issue. Wow, that is a lot of St. Felix's. We do 10 per year, a Summer issue, then September right through to the May Issue. So with this being the March Issue, we still have April, May, Summer, September, October, November and December. The December 2013 issue would be the 190th. The ten more after that...to reach 200. Can we do it? Can it be done? Is anyone reading them? NO way to tell really, before when they were handed out or mailed to the persons home, we at least thought that the top headline would have been checked out, but now? Who knows. Well enjoy this one. And may St. Felix be watching over you!
