

Rocky Comartin Named as Vice President and CEO, Steven Jaworiwsky remains as President Jaworiwsky all for Delegation, Masturbation and Fornication !

St. Clair Beach Ontario, Canada –AP- After the May 20, 2014 Windsor Tomcat Board of Steven Jaworiwsky, President, indicated he is happy to be staying on as President and happy that his role of CEO has been moved over to long time Tomcat Rocky Comartin, he indicated that if this is really what the Board wants, then he is willing to do what they ask of him and was happy that they were willing to let him delegate some of his responsibilities. "I need to start delegating more, I need to start Masturbating more and I need to start fornicating more" a very excited Jaworiwsky had indicated, "Oh...ummmm I mean, Delegating More", he corrected himself and then went on. "I was touched by the genuine admiration of the Board for me to stay on, I really was, it is a great feeling to be loved and wanted." Jaworiwsky stated.

Rocky Comartin now becomes the Vice President and takes over from Mykel Jaworiwsky. The role of CEO was also added to Comartin.

"I never want Stevo to leave, I will do my best as the Vice President and CEO and I know that Board has indicated that after the one to two year transition phase, they are looking at naming me the President. That is fine with me, if Stevo stays on for five more years that is fine with me, I just want to do my part and help out" and energetic and enthusiastic Comartin had indicated. **RUMOUR** Unconfirmed reports, indicated that newly appointed CEO, has taken some perks away from the coaching staff, no longer are they allowed to get 4 season tickets at the Kapusta Kow for all home games and that Head Coach Dan 'Sea Lion' Connelly's 2014 Mustang Convertible was taken away from him, "They will have him driving a Hugo", one insider joked.

Rocky as Regular Tomcat Board Member

Rocky as Vice President and CEO Mode

Highlights of Meeting Expended and talked about:

Most of the items were discussed in the blog on web site, here are some of the items in more detail for the reader to enjoy.

\$40 at start of the season...there is talk that the price of the hall may go up, if that is the case, then hockey is to go up to \$7. President Jaworiwsky asked if the cost of the start of the season should be lowered to \$30 and to not buy a 'start of the season' gift, but the Board unanimously voted to keep the \$40 cost and assigned Doc Brewin and Razor MacDonnell to the 'start of the season' gift.

Twitter Account: Chico is in charge of the newly created Twitter account. He will be providing further details on the Web Site as to how it will be used and all Tomcats will be asked to sign up for the Tomcat Twitter account.

Christmas Present: Rocky is assigned the Christmas Present this year but is looking for ideas and suggestions....the best part of the present is the surprise that everyone gets, when they open it on stage, just before they go down to the Tomcat Club for the 'Players and Coaches and Alumni Only Party'.

Charity Donations: Aaron 'Chico' White has been put in charge of the Tomcat Charity Committee, this is an actual committee that will donate 'actual' money to a legit charity or to a needy family come Christmas time. \$10 is to be collected for hockey during the month of November. (That works out to \$20 for each guy who plays). This is not a forced request and players do not have to give if they do not want to...BUT, it was thought to be a nice gesture, that we the Windsor Tomcats can do something for someone less privileged then us. If anyone knows of a family that could use our help, then please see Chico. If you wish to be on the Charity Committee then please see Chico for that as well.

Soupy Takes on Roles Sammy Salaris, better known as 'Soupy', is now the 'Beer List' maker and will also be involved in making the teams when there are only two teams playing. Rocky will assist if need be.

Snowpants is the 'white boards' guy and will keep the schedule and scores up to date each week. Wins, Loses, Ties, Goals For, Goals against, plus/minus and the Points...all there for everyone to see and absorb.

Christmas Party Attire This year everyone is asked to look nice when they come to the Christmas Party. No Tomcat Tee Shirts or sweat pants are allowed. A fine of 2 cases of beer will be imposed and you will be stripped down to your gotchies and tied up to the bar if you wear in proper attire. So what is acceptable? Jeans, Dockers, dress pants, nice shirt etc.

Soupy's Send Off

Just want to say how proud I was of the Tomcats that were able to attend Soupy's send off on Friday May 23. There was bull riding, and some chuckles, and 18 Tomcats showed up for Soup and that is the testament to the love the Tomcats have for each other. Great Job Guys!

Quirky Facts about President Steven Jaworiwsky by Nick 'May Day' Lelyk

Fact: When Garnet 'Rex' Albert was running the Tomcats while Stevo was in Police College, I was in charge of the Crown Royal bag.

Fact: Before Stevo went to Police College, he rarely drank.

Fact: The Original Tomcat Roster was mainly comprised of a roster of WCB (now WSIB) employees.

Fact: Several players have left the Tomcats and thought they were sticking it to Stevo and thought the Tomcats would not survive.

Fact: Stevo has been searching for his replacement for 25 years. No suitable candidate has yet to be hired.

Fact: When times were tough at the box office, Stevo devised this incredible plan to pad the coffers betting on Pro Line. It was a genius scheme before the days of complicated spread sheets and shootouts.

Fact: Stevo played Slo-Pitch on first the "Knight Shift" and later on the Purples squad. His successful at bats consisted of hitting a line drive down the left field line for a single.

Fact: Stevo threw a famous Halloween party when he lived in Forest Glade. Fun had by all! He should actually throw another one!

Fact: Stevo used to practice his chipping in his backyard in Forest Glade using plastic balls.

Fact: I am one of Stevo's most trusted Tomcat advisers.

We showed 'Stevo the list that May Day had written, before we started our interview, he had this to say, "All the points are all accurate, so I can't deny any of them, I just hope May Day does not write a book about me one day!". Jaworiwsky stated laughing.

You have run the Tomcats for 26 years...Except for a three month period, I have run the Tomcats since day one and, right up to today.

Is it true you conduct a interview before you let any new players play...Yes, if a present day Tomcat wants to bring in a new guy, if we even have room for a new guy, and I don't know the new guy, cuz I do a lot of recruiting myself, I will ask a series of questions, to determine if he would be Tomcat material. I am very fussy about who comes in to play. I don't want any Ya Who's or Cowboys...I want a guy that will get along with everyone.

How did all the clothing items start? That I don't know, I wanted to do a tee shirt, but it just blossomed from there. Four coats, tee shirts, shorts....I have no idea how that all happened.

If you could 'blue sky' something, what would it be? I would love a two day tournament, starts Friday night and goes into Saturday morning....we may have to do that, if we ever get 5 teams.

What impresses you most, now that you have had over 25 years at the helm? I like to see the new guys take on task. I watch...you know, I see Chico, takes Clock upstairs, no one asks him to. I see the guys grab the hockey sticks and get them up to the Tomcat room. I also see the guys just sitting there, doing nothing. I want everyone involved. Young and old, everyone should always be pitching in and helping.

Were you really thinking of leaving the Presidency? Yes, 110 percent, but, when you get the overwhelming response that I got about staying, well, I love the Tomcats, I really really do, and I felt they were right, I still should stay on and I like the idea about Rocky being the Vice President and CEO....and a transitional phase, it all made sense and will be for the betterment of the organization.
