Cribzie, at August Press Conference, holding back the tears, announcing that he would be retiring from hockey and the Windsor Tomcats. "I can't say enough about this great organization, the fans, the guys, all top shelf, I will miss everyone, very, very much" Ken Cribley

Cribzie Calling it Quits Back Problems Cited As Reason

Windsor-AP- Diehart Windsor Tomcat is calling it a career and is retiring from the Windsor Tomcats. At a Press Conference on August 27, at the Kapusta Kow Palace Ken Cribley choked back tears as he made the announcement. "I promised Gretz I would not cry," He started off, then small crocodile like tears rolled down his eyes as he continued, "What a great bunch of guys, what a great time playing and what a great time sitting up on stage, I will miss it all, I will miss the fans and I will miss the Tomcats". Cribley Stated.

Medical reason, believed to be his back was believed to be the main reason for the sudden announcement. The Tomcats will have a difficult time filling his minutes On the floor as Cribley played a lot of minutes, being a specialist on the penalty kill and getting some power play time

"Filling his minutes will be tough", indicated Head Coach Dan 'the Sea Lion' Connelly, (who actually gave him the Name Cribzie, prior to that he was just Cribz) "Maybe one of the new players like Sheepie (Jamie Lamb) or veteran Nick 'May Day' Lelyk will need to take some of those minutes", Coach Connelly stated.

When asked if this will mean some part timers would be added to full time, Vice President and CEO Chad Comartin indicated, "With Nick Lelyk and Ellery Oickle coming back (**see Article Beep is Back**) as full timers, cuz they were full timers, we are actually now one over our compliment, so non of the part timers will be made full time and I am not sure how much playing time they will even get".

Tomcats will miss you Ken "Cribzie" Cribley.

Cribzie started with the Tomcats as an Enforcer. He was quickly discovered that he had hockey skills and could play a solid game on defense.

Beep Is Back

Has served his 1 year suspension

La Salle –AP- After being accused (Along with A-Rod) of Anabolic Steroid use, Ellery 'Beep' Oickle has served his one year suspension and will be making his way back in to the Tomcat Fold.

"I am looking forward to being back with the boys, being off for a year was very difficult on me and my family, but I am happy to say, that 'I'm back baby'" Oickle had said, in a press conference at the Kapusta Kow Palace

"We are very happy to have him back, the fans are happy to have him back, it is great that Beep is back with the Tomcats", stated GM Gerald Finnerty.

REALLY IS BEEP BACK? Yes he isstars in September, just like everyone else!
