# Rocky Is Ready

## Jaworiwsky's Time Down to Seven Months

**Windsor –AP- Associated Press** Sometime in May 2016, Steven 'Stevo' Jaworiwsky will hold his last Windsor Tomcat Board of Directors meeting and then, sometime at the end of that Meeting, he will hand over the reigns of the Tomcat Stage Coach to Chad 'Rocky' Comartin. Comartin has been working as the Vice President under the tutelage of Jaworiwsky for the past two years. "I have been very 'hands on' as vice president, Stevo has included me in all the major decisions and has been fantastic to work with during this transitional period of time." Indicated Comartin.

There are still doubters out there that say the Power Hungry Jaworiwsky will not give up his presidential seat, "It's his whole life, he won't give it up, you wait and see". Stated an source close to the situation that wanted to remain anonymous.

### 5 Questions for Comartin

**Are you ready to take over?** I think I am, I have been closely working with Stevo and I have been privy to many of the tasks that he does for the Tomcats and I think I could take over. **What is your stance on Full Time Players that have not been coming out?** I can tell you that Stevo has been way too nice to these guys, as you know, there is a new system in place that will reward the full time player for continuing to come out. I plan to totally adhere to this new plan and if you do not have 50% attendance, you will be relegated to part time status, it is simple as that. **What changes do you see yourself making if/when you take over?** Things are running very smoothly so why change things just for the sake of changing things, I think, we can keep things going as they are and maybe tweak things if they are needed to be tweaked. **Transitionally speaking do you see this as a seamless transition or one that may be a bit bumpy?** Are you kidding me, this is Stevo that has been running this machine for the past 27 years or so, I see some bumps for me, but I hope to have it appear seamless for the players and the fans of the Windsor Tomcats **There has been some concern with the 'rougher play' on the Kapusta Kow floor, how do you plan to combat that?** Once again, I think Stevo has been way too nice to some of these hooligans. I see it a bit different, I see it more like 'you are disrupting the play and you need to leave', I will have no problem asking a player to leave for good and then say 'and we're keeping your forty bucks too'.

"I can tell you one thing, it has been incredible under Stevo, he got me into the Tomcats and I thank him for the opportunity, I am hoping he makes me a full time Tomcat before he Leaves, kind of like a Prime Minister appointing Senators. as he is leaving office."

"I think Rocky is a great guy and will do a fantastic job as the new President".

M. Youssef  
Journey Man

"Stevie has been a fantastic President, but yes, it just might be time to bring in a new buck and Rocky certainly appears to be ready to take over".

D. Crawford

Tomcats have a similar case, where Dave 'The Hurricane' Hann has been a mentor for young Chevy Szewczuk, well that is all possibly coming to an end. "I am considering all options," stated Szewczuk, "Dave has indeed been a good friend and confident but it might be time to move on, I'm looking at Doug Gilmour to possibly be my mentor and it could help me be an all star pick on Tuesday nights" stated a pensive Szewczuk.

When Dave Hann heard about Chevy's interest in changing mentor's, he had this to offer, "Interesting, cuz Doug Gilmour asked me to be his mentor".

"NO NO NO, I could never leave Davey", indicated Szewczuk, then added, "I was just kidding".

Chevy Szewczuk considered trading in Hurricane Hann for Dougie Gilmour, but has changed his mind, and said, "No, I was just joking around, I could never leave my Davey" . Stated Szewczuk

Hurricane Hann is looking at several options of being a mentor to different folks, "one of the guys is Dougie Gilmour, he approached me and so has the Matador, Tunzie and Chico, I'm considering everyone, but, it might Just stay with just Chevy". Hann had said

Windsor –AP- If Chad 'Rocky' Comartin is to take over the Tomcat Camp in May, who takes over for him as the vice president. Does the Windsor Tomcat Board of Directors go with past Vice President Michael Roman Jaworiwsky? Or do they consider a younge man, such as Kevin 'Jingles' Kuprowski. What about Snowpants Ferranti,

Nick Lelyk was once on the Board and was once Captain of the Tomcats, could he possibly be brought back on the board and put in the role of a vice president? Would he be interested in something like that.

number of different scenarios," Stated long time Board of Director member, Louis Koenigsberger and added, "obviously we want to surround Rocky with the best possible vice president and Board, so no stone will be left unturned when we do our search we have not been mercurial in the past, so a slow process to seek out the new
