

## James 'Kamikaze' Hollohazy & Joe 'Tunzie' Antoun Have been made full time Tomcats

**Windsor –AP-** On December 15, 2015, at the Tomcat Christmas party, in the Tomcat club, the Windsor Tomcat organization announced that James Hollahazy and Joe Antoun were being made full time Tomcats. Early Christmas presents for both players, "I can't believe it" said Hollohazy shaking, "You dream of this, you hope you pray, but you never think it is going to happen, and then, well, geez, I'm a full time Tomcat" A jubilant Hollohazy stated as he high fived everyone within distance.

Joe 'Tunzie' Antoun was also beside himself, "I really can't believe it, I really can't this is just a great day in my life" Antoun had said. Antoun's good friend and line mate, Matty Youssef was very happy for his friend and line

Mate, "This is a great day for the both of us, I am happy for Joe and I know he will always be a great Tomcat", Youssef said, as he started to get choked up.

"Both players are very deserving of being made Full time players, with the uncertainty of Nick Lelyk and Louis Koenigsberger and with the sudden departure of Paul Poisson and throw in the retirement of Bearcat Meloche there certainly is room to make these two full time Tomcat" indicated Vice President of Hockey Operations, John X. Lechicky.

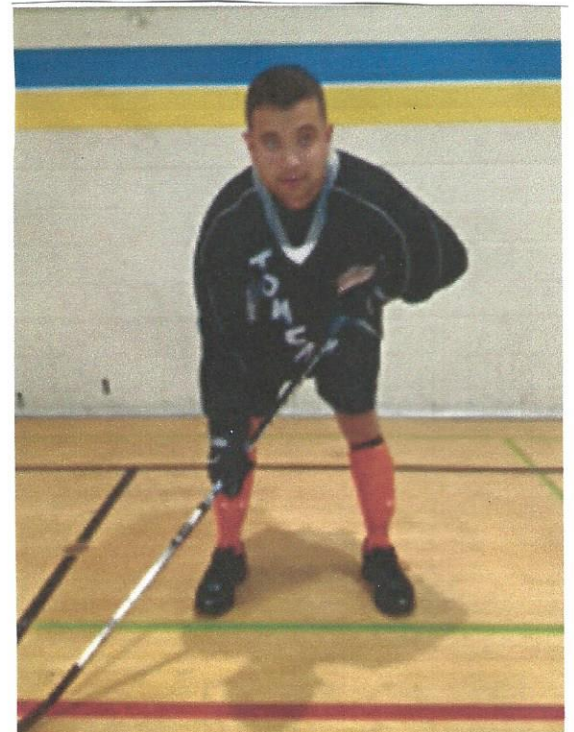

"There should be some sort of 'right of passage' Stated Dave Dzibela, and continued, "They should have to sing the Tomcat Forever song, just on their own, in the center of the Kapusta Kow floor, while we are on stage". Dzibela Said with a chuckle.

## Snowpants Out For 4-6 Weeks Due To Injury

**Windsor -AP-** Fan favorite Victor 'Snowpants' Ferranti has crushed his ribs and will be out of the lineup for 4-6 weeks, Tomcat medical staff indicated that Snowpants Ferranti had an upper body injury and that little could be done 'treatment wise' and that Ferranti would just need to rest, leading medical experts to believe that it is a rib injury.

"I am very disappointed in being out of the line up but, if it was going to happen at any time

in the schedule it might as well be now, due to the fact that over Christmas it is a very light schedule. I doubt if I will be ready for January 12 but Ferranti's are quick healers so you never know" a hunched over Ferranti said.

"Anytime you lose a number one guy like Snowpants it's a blow to the whole organization, but others will now need to step up and take on his role as a hustler, energy scoring machine." stated Head Coach Dan Connelly.

Snowpants is out of the lineup for 4-6 weeks, this is the longest he will be out of the Tomcat Lineup since he first started with the Tomcats. "It's killing me...(Physically and Emotionally) not to play". stated a weepy Snowpants Snowpants is wearing a helmet 20 hours a day.

Coach Connelly is concerned that replacing the minutes of Snowpants will be difficult, first his number one defenseman Louis Koenigsberger goes down and now his number one forward goes down. "All my best players are going down". Blasted Coach Dan 'Sea Lion' Connelly

# Doc Brewin Rounding Up Some Good Men

## February 27 Tournament Inching Closer and Closer

**St. Clair Beach Ontario -AP-** Doc Brewin sent out an e-mail on December 15 calling on all Tomcats to sign up for the Tournament. "Players are needed this year, so let me know by early January, hell if you know now, let me know, I need to compile my list for the Captains so they can do their draft" a smiling Brewin had said.

The St. Felix has learned that goaltending could be a problem this year and Doc Brewin will need to scramble to find net minders. We do know that Bearcat Meloche has retired, Skippy Renaud is injured and out for the season, that leaves, Ray MacDonnell and Mike Menzel as the two regulars. Shack Daskalakis's preference is to play out. Tomcats would have tapped into Hollywood Jaworiwsky but it is our understanding that he will not be playing this year. So Rob Daniesh is a possibility and Aaron 'Chico' White might need to be asked.

Matty Youssef is a Captain, but he might be called to defend the net for his very own team.

"I bet if Doc called Bearcat Meloche, he could possibly be talked into playing one more tournament." stated Koenigsberger.

Have Dan Connelly and John Lechicky been secured to ref? What about the photographer? Purples' for the after party. If Michael Jaworiwsky is not playing, will he still be doing the tee shirts? Will teams be getting tee shirts?

Usually on the last night of hockey in December, before the Christmas Party the draft order, the tournament team order & team colours are picked..... that did not happen this year

Doc still has some work left, but plenty of time to get it done

"I am very optimistic that this will be the best tournament ever." Doc Brewin stated.

Doc Brewin sips from the Stanleys' Cup last year, he says, "The sooner you know you can play, the better, so please let me know."

Play is always intense come Tournament time, as witnessed in this photograph of Kamikaze Hollohazy and Chad 'Rocky' Comartin

## Shack Out 2-3 Weeks with Lower body Injury

**Windsor On -AP-** Windsor Tomcats are not saying a great deal about an injury to their star goaltender John Daskalakis, "We are monitoring his progress every day and are looking at a favourable result come the new year". Stated Coach Dan Connelly. Tomcats have counted heavily on Daskalakis

since bringing him in to play goalie for this season due to an off-ice injury to Skippy Renaud .. "I don't think he minds the work" stated Sunny Salaris, "I think he thrives on it, he is a competitor and you can see how incredibly good he is in the net, all the scouting reports were bang on with this fantastic Greek" Smiled Salaris
