

Jaworiwsky Says Good Bye

"I am going golfing, thank you to everyone who ever played, who ever read the St. Felix, who ever came out to outside events like Golf and Christmas Party, who ever read the blogs and for all the support over the years, thank you!"

Comartin is ready to take over

"I am ready for the task to be the new President, these are awfully large shoes to fill, but with support from the Board, support from all the Windsor Tomcats, we can continue to keep Tuesday nights as a great hockey experience."

Rocky Takes Over.....a New Era

On May 5, 2016, Chad Comartin was named the new President of the Tomcats. "I knew this day would come one day, maybe, Stevo has talked about it for the past few years, but for it to actually happen, I just can't believe I am now the President of the Windsor Tomcats. This is right up there, after my two children being born, meeting and marrying my beautiful beautiful wife Donna and now this", stated Comartin.

Asked about changes, Rocky joked, "I may change the name of the Tomcats to the Hornets (That is the new F18 fighter jet being used now), just joking around with you guys, I think the product is super, so why change anything, if it is not broken. I know it is going to be an arduous task to run this great organization, but I know Stevo is still around for me to lean on him if need be, I thank the Board for this fantastic opportunity, I know we need to watch to rough housing out on the Kapusta Kow Floor, but I can't wait for September to roll around, Tomcats Forever" Stated Comartin

Comartin and Jaworiwsky will be meeting in early July in order for everything to be handed off to Comartin. What we have been told is that Jaworiwsky's office is cleaned out, his large poster of Seka, that hung on the wall behind his desk is no longer there and Comartin has taken over the office.

Chad Comartin is expected to do a great job and comes very highly regarded.

"It has been an incredible time for me as the President of the Tomcats, but I can assure you that Chad Comartin is the perfect man for the job and will do great. He cares about the Tomcats and that is what you need as a leader. I have the utmost confidence in Rocky and believe in him 140%".

Stefan E. Jaworiwsky, Ex President

"I really thought it was going to be more like, the old Charlton Heston quote, 'I'll give up the Tomcats when you pry or take it from my cold, dead hands', but I guess not.

"I can't fucking believe my broosizzer is no longer the President, I texted him a few weeks ago asking him about a tee shirt idea I had for the tournament in February and he said, 'looks good but ask Rocky, I am no longer in charge' I hope Rocky still keeps me on being the Tee Shirt Guy".

Rocky To Have 2 Vice Presidents

When Stefan Jaworiwsky stepped down as President on May 5, 2016 and Chad Comartin was named the new President of the Windsor Tomcats, two Vice Presidents were also made to assist Comartin in the day in and day out affairs of the Windsor Tomcats. New Vice Presidents are Paul Renaud and Victor Ferranti. "There is a lot to running this great organization," Started Comartin, "It was felt that I would be better served if I had two vice presidents instead of just one, so Victor and Paul were named as such". Stated Comartin. A vacancy in the Vice President's office became available, when Comartin was named President. "I know we have offices at Tomcat Headquarters, it will not be an issue finding Snowpants a new office, Sparky will get my old office, the one I used as Vice President because of seniority, he has been in the Tomcat organization longer than Snowpants". stated Comartin. What about new tasks assigned to the new vice presidents, will Snowpants still be the minister of Golf, Score Keeping and Pyrotechnics, will Sparky be the Minister of the Interior and still in charge of the Tomcat Room?. "I think for now, we are going to keep everything status quo, I don't want to rattle the cages too too much, I will try to find more work for Sunny and Doc and get them more involved in the organization as they are the newest Board of Directors, but for now Snowpants Ferranti and Sparky Renaud will keep their normal day in day out roles with the Tomcats, along with being great Tomcat players", finished a smiling Comartin.

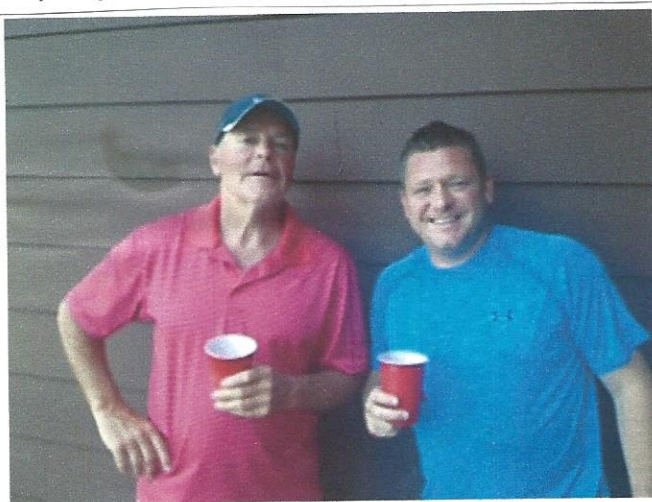

Fighting back tears, Snowants Ferranti, "I just don't know what to say, first I get to be a Tomcat, then made minister of Golf, Score Keeping and Pyrotechnics, now Vice Presidnet..."
V. 'Snowpants' Ferranti

"This is an incredible organization, to be named as a Vice President, is a great honour. I will continue being a great Tomcat and doing for my brothers as I always have done, Tomcats Forever"!
Paul 'Sparky' Renaud

Franchise Player Meets Franchise Player

The Two never played for the Tomcats at the same time, but would that not of been something to see, especially if they were on the same team! Poetry in Motion. Chris Girard knows David Crawford through ice hockey circles and indicated that he would consider coming back out for possibly the tournament if his back feels better. Tomcat nation prepare, it would be like Gretzky playing with Sydney Crosby.

Chris Girard knows David Crawford through the world of Ice Hockey and Essex County. Would it not be great to see these two players on the Kapusta Kow Floor?

Sunny Salaris and Doc Brewin Named

New Windsor Tomcat President, Chad 'Rocky' Comartin, wasted no time in naming John Salaris and Andy Brewin to the Board of Directors, after Stefan Jaworiwsky and Louis Koenigsberger stepped down. I have been on the Board for 23 years, I think it is time for some new blood in there", stated Koenigsberger.

Jaworiwsky on the other hand had a different reason for stepping away from the Board. "I think, when you were once the leader and if you sit on the Board, you still pull a lot of weight and I did not want any interference for Chad, I wanted him to be fully in charge and I felt if I stayed on, it would have been a distraction, I think it is better this way." Jaworiwsky said.

Louis 'The Rake' Koenigsberger has stepped down from the Board of Directors after serving on the Board for 23 years. "I really do believe it is important to get some of the future on the Board now, old guys like me need to step away, I still want to play, but we need new thoughts with new people on the board now," Stated Koenigsberger

"I feel honoured to be named to the Board. I will do my best to serve as a Board of Director", stated an openly weeping Doc Brewin.

Doc has moved up the ranks in the Tomcat organization, from Ice Man, to Tournament Co-ordinator.

"I too was once on the Board of Directors, but sometimes, you need to move on to get younger guys in with fresh Ideas, Sunny and Doc will do great".

Dan Connelly

"I hate to see my very dear friend leave the Board of Directors, I think he has been a great contributor, not only on the Kapusta Kow Floor but in the Board room, trying to make the Tomcats Better".

Dean Colasanti

"Sunny and Doc to an already incredible Board, with Snowpants is great. Pants is a great organizer and a fantastic announcement maker, he will guide Doc and Sunny on the Board".

The tournament was meant for fun, something to do on a cold February Saturday, get together, get some Saturday morning exercise in and then kick back a few beers. It has changed, guys running guys down, some think the next step is the freaking NHL, but sorry guys it's not, it's back to work on Monday" Jaworiwsky said.

THE LEGEND OF BAGGER STEVO

As Stevo was contemplating retirement from both the Windsor PD and from the Tomcat presidency, it became obvious to the Tomcat brethren that the event would require some kind of commemorative effort.

First, we considered a watch. They were on sale at the Dollar Store at the time, so the fellow Tomcats liked the price (especially Hurricane). That option was very narrowly voted down. (Personally, I thought it was a Mickey Mouse idea).

Next, we thought about maybe asking the Ukrainian government to commemorate a stamp with Stevos picture on it. The mountains of paperwork and red tape were completed. We were ready to submit it, when someone realized that Stevo would never really physically benefit from people constantly licking his backside, so we scrapped that idea.

Finally, in an alcohol and medicinal herb induced state, Harry Ballsonue came up with the realization that 'a good set of hairy balls need a good bag to go with them.' Therein lies the impetus for memorializing Stevo with a bag he could really enjoy.

Really, it was a bit of an off the wall idea that seemed to work out well. There was an outpouring of Tomcat support. The Titleist pro tour staff bag, embroidering and presentation went well. As Tomcats, it's difficult to put into words what Stevo means to the organization and to us. This small token of our appreciation for his love and dedication will hopefully help him keep us in mind as he stickhandles his way into retirement.

As Rocky so eloquently stated at the golf tournament:
"This week we lost Mr. Hockey, Gordie Howe, but thank God we still have Mr. Ball Hockey, Stevo!"

#29 Ray 'Razor' MacDonell

Tomcat Family

The group poses for a picture with the Beautiful present that was purchased for Stevo. "Razor deserves the credit for spear heading the gift for Stevo. He does a great deal that most guys don't see. Not sure if there would have been such a long run of Tuesday Nights, Tomcat Tee Shirts, St. Felix's, the Brotherhood and golf tournaments like this"

Stated Chevy Szewczuk

Lovie will be missed.....As everyone knows, Lovie has moved to the Sarnia area to head up the Sarnia Stallions of the MWFHL as a Player Coach. Lovie remains in the Tomcat Organization and could be out on some Tuesdays. Best to you Love, Tomcats Forever!

"Had a great day golfing in the Tomcat Tournament, now known as the Pantelon de Nieve, it was a beauty of a day and it is always great to see everyone. Snowpants did a fantastic job as always, see everyone in September"
